Sex Male | Date of birth 30/10/1995 | Nationality Romanian

**ABOUT ME**

I am an avid programmer, very passionate about coding, technology and learning all kinds of new things. I find coding to be the best way of bringing my ideas to life.

In my free time I like playing video games, watching movies, TV series, science-related documentaries, and international news, or just tinkering with old computers and hacking.

**PERSONAL AND TECHNICAL SKILLS**

Operating systems	Windows, Linux (Arch, Ubuntu), Android
Programming languages	C#, Bash, Python, Java (still learning), C (basics)
Development environments	Visual Studio, MonoDevelop, PyCharm, IntelliJ IDEA
Technologies	DotNet/Mono, WinForms, GTK#, Linux Shell
Spoken languages	Romanian (native), English (fluent)
Other skills	GIMP image editing, hardware tinkering, Raspberry PI

**WORK EXPERIENCE****Personal projects as freelancer / school projects:**

*Detailed information about certain projects can be found on my website.*

**Narivia**

A single-player 2D turn-based strategy game focused on economy and warfare, for Windows PCs.

**Puzzle games collection**

Remakes of many classic puzzle and board games, like Sokoban, Minesweeper, Memory Game and Sliding Puzzle.

**Scripts, tools and utilities**

A collection of scripts for Raspberry PI and desktops that automates various tasks on the local machine or on the web.

**Faculty projects**

- A software that manages a family doctor's patients and appointments. It contains a web server and a desktop client.
- A small application that manages a movie renting store. It's console-only, and can be used on any platform.
